Compliance Statement

The National Perinatal Information Center/Quality Analytic Services (NPIC/QAS) recognizes that it has a Business Associate relationship with all member hospitals. To this end, we have adopted procedures to assure our members that all “Protected Health Information” (PHI) sent to us is protected as required by the Health Insurance Portability and Accounting Act of 1996, PL104-91 (HIPAA) and regulation promulgated there under by the USDHSS. NPIC/QAS assures our member hospitals (“Covered Entities”) that we have in place policies and procedures that will adequately safeguard any PHI it receives or generates. NPIC/QAS also specifically agrees on behalf of itself, its employees, its sub-contractors and its agents, to safeguard and protect PHI consistent with applicable law as well as HIPAA regulations.
