

**Perinatal Center Data Base (PCDB)**

<b>Data Base</b>	<b>Discharge Year</b>	<b>Total Neonates</b>	<b>Total Discharges</b>
Perinatal Center Data Base – <i>Year 1</i>	1985	175,000*	962,000*
Perinatal Center Data Base – <i>Year 2</i>	1986	207,292	1,265,504
Perinatal Center Data Base – <i>Year 3</i>	1987	194,750	1,087,521
Perinatal Center Data Base – <i>Year 4</i>	1988	201,814	1,070,032
Perinatal Center Data Base – <i>Year 5</i>	1989	157,354	795,235
Perinatal Center Data Base – <i>Year 6</i>	1990	148,335	737,121
Perinatal Center Data Base – <i>Year 7</i>	1991	149,088	729,504
Perinatal Center Data Base – <i>Year 8</i>	1992	156,399	725,049
Perinatal Center Data Base – <i>Year 9</i>	1993	165,340	822,990
Perinatal Center Data Base – <i>Year 10</i>	1994	153,720	926,136
Perinatal Center Data Base – <i>Year 11</i>	1995	174,566	782,507
Perinatal Center Data Base – <i>Year 12</i>	1996	172,259	786,271
Perinatal Center Data Base – <i>Year 13</i>	1997	167,567	831,906
Perinatal Center Data Base – <i>Year 14</i>	1998	163,236	864,425
Perinatal Center Data Base – <i>Year 15</i>	1999	159,091	905,259
Perinatal Center Data Base – <i>Year 16</i>	2000	180,900	1,025,500
Perinatal Center Data Base – <i>Year 17</i>	2001	194,688	1,067,248
Perinatal Center Data Base – <i>Year 18</i>	2002	237,381	1,186,452
Perinatal Center Data Base – <i>Year 19</i>	2003	229,779	1,117,869
Perinatal Center Data Base – <i>Year 20</i>	2004	273,866	1,340,982
Perinatal Center Data Base – <i>Year 21</i>	2005	244,176	1,182,666
Perinatal Center Data Base – <i>Year 22</i>	2006	276,271	1,252,977
Perinatal Center Data Base – <i>Year 23</i>	2007	291,273	1,315,534
Perinatal Center Data Base – <i>Year 24</i>	2008	327,628	1,358,385
Perinatal Center Data Base – <i>Year 25</i>	2009	327,685	1,403,829

\* Includes approximately 40,000 neonates and 280,000 discharges from the 12 overlapping hospitals.

**NOTE:** The PCDB is composed primarily of Level II & III perinatal centers, which are institutional members of NPIC/QAS.
