Improving Maternal Morbidity and Mortality One Bundle at a Time
June 25, 2019

Camielle Fishel, RNC-OB, MSN
Camielle Fishel, MSN, RNC-OB is the Director of Perinatal Services at Baptist Memorial Hospital for Women in Memphis, Tennessee. She will graduate from Chamberlain University with her DNP in Healthcare Systems Leadership in August 2019. She works closely with co-presenter Gina Horne on implementing quantitative blood loss and the S.H.I.P.P protocol at Baptist.

Gina Horne, RNC-OB, BSN
Gina Horne, BSN, RNC-OB is the Clinical Practice Specialist of Perinatal Services at Baptist Memorial Hospital for Women in Memphis, Tennessee. She will graduate from Chamberlain University with her MSN in Executive Leadership in August 2019. Gina facilitates the Perinatal Quality Committee at Baptist Memorial Hospital for Women, working to implement evidence-based practice.

Learning Objectives:
Upon completion of this activity, participants should be able to:
- Identify standard evidence-based practice guidelines for prophylaxis and treatment of VTE during the antepartum, intrapartum, and postpartum period
- Recognize the steps for implementation of the obstetric hemorrhage bundle through preparation, recognition, and response to excessive blood loss utilizing best-practice guidelines
- Recognize early warning signs, diagnostic and clinic practice guidelines for treatment, and appropriate discharge follow-up recommendations of the severe hypertension practice bundle during pregnancy and postpartum to improve maternal morbidity and mortality

Media used for activity:
- Live event – webinar
- Archived event – electronic

Method of Participation:
- Participants are required to attend the live event through webinar format.

Estimate time required for completion:
- One hour

Date of original release:
- June 25, 2019

Activity termination date:
- 1 year after date of original release

Scope of Practice:
- This activity is appropriate for the current and future scopes of practice for attending physicians and other clinicians and allied health professionals involved in perinatal care.

Core Competencies:
- Medical Knowledge and Patient Centered Care

Accreditation:
- Women & Infants Hospital is accredited by the Rhode Island Medical Society to sponsor intrastate continuing education for physicians. Women & Infants Hospital designates this online educational activity
for a maximum of **1.0 AMA PRA Category 1 Credit™**. Physicians should only claim credit commensurate with the extent of their participation in the activity.
